OUR COMPANY

Axesa Global is an integrated consultancy that offers a unique spectrum of investment immigration, international business development and global marketing services. Our mission is to enable our clients to 'Go Global'.

We have three distinctly separate yet interrelated units in our business with a unified purpose of increasing our clients' international mobility and their companies' global footprint.

2020 VISION

By 2020 we want **Axesa Global** to fortify its professional relationships with wealth managers, investors, trust officers, family offices and successful entrepreneurs as we believe it is individuals who are at the heart of all fruitful ventures.

We have our eyes set on achieving a service-driven, growing business that offers innovative investment immigration solutions and international business services at competitive fee levels.

To succeed in our **2020 Vision**, we will expand our client base and deliver value-added services based on our corporate values that are the guiding principles of our company.

Initially founded in 2013 with an aim to provide international business development services to the Latin American markets, we have broadened the scope of our services to serve investors and entrepreneurs globally.

OUR VALUES

DETERMINATION

We set our sights beyond the finish line. Achievement is in our nature. We are guided by our resolve to succeed.

INNOVATION

Delivering excellence requires our innovative problem solving and creative thinking. We never opt for plain Vanilla.

INTEGRITY

People are at the heart of business. We honour this virtue in the clients we chose, service providers we serve and team we work with.

OUR PEOPLE

Our multi-lingual team of highly experienced professionals bring to the table diverse industry experience from a wide range of sectors including; Financial Services, Law, Media, Insurance and Energy as well as complimentary business development and marketing skill sets. Whether we are assessing your investment options for a Citizenship by Investment program or devising a strategy plan to increase your company's presence in a new market, we deliver our services with **Determination, Innovation and Integrity**.

OUR SERVICES

Investment Immigration

The European Union (EU) has approved the Cyprus Investment Programme (CIP) that enables eligible investors to obtain Cyprus citizenship, allowing you to travel, reside, expand your business operations or work within 28 EU Member States, Switzerland, Norway, Iceland and Liechtenstein. We support High Net Worth Individuals (HNWIs) and their advisors in achieving increased global mobility through our Permanent Residence and Citizenship by Investment solutions.

International Business Development

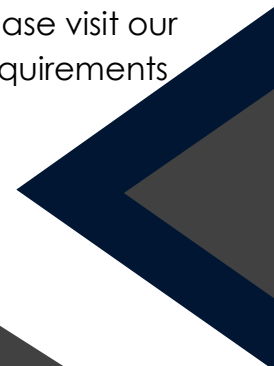

We help companies seeking to extend their global footprint by researching the viability of new markets, opening doors with local associates and prospective clients and acting as a bridge, both commercially and cross-culturally. We have extensive experience assisting corporates to develop their business networks and are committed to identifying the right international opportunity that is aligned to our clients' business goals.

Global Marketing Strategy

Increasing brand exposure is vital to success. We serve start-ups that have an international audience and established corporates that are developing in new markets. We offer multi-lingual marketing services to companies that are expanding globally and have a particular expertise working in European and South American markets.
